### General Information

**Crop Protect Direct Pep Plus** is a foliar nutritional liquid containing protein hydrolysate obtained from the hydrolysis of protein to amino acid and short polypeptides. These compounds are known to aid plant development and prevent growth deficiencies. **Crop Protect Direct Pep Plus** is specially designed to fit traditional fertilizer programs by supplementing additional nutrients to the various crops listed below.

### Directions for Use:

	Crop	Amount of Crop Protect Direct Pep Plus	Application Timing
Foliar Application	Trees and Vines and Vegetable Crops	32 to 64 fl. oz. per 100 gallons water	Applications may be repeated every 10 to 14 days as needed.
	Row Crops	4 to 8 fl. oz. per acre	Applications may be repeated every 10 to 14 days as needed.
	Hemp and Hops	32 to 64 fl. oz. per 100 gallons water	Applications may be repeated every 7 to 10 days as needed.
	Mint, Peppermint, Spearmint, Grass Forage, Fodder, and Hay	4 to 8 fl. oz. per acre	Applications may be repeated every 7 to 10 days as needed.
